

Free Trial offer for the Computing Homework site

If you represent a UK school, or a school anywhere in the world that uses English as one of your curriculum delivery languages, you can request a free month's trial to evaluate the Computing Homework site.

You can trial the site with just one or two teaching groups; with a whole year group; or with the whole of your KS3 cohort.

You can request a free trial by completing and sending in this Free Trial order form.

The form can be sent in via email or by post. If using email, please send the completed form to sales at daisy-i dot com.

After requesting your free trial, you will need to send us student and teacher data to enable us to set up the login accounts for your staff and students.
